

## Design Team Membership Worksheet

Design Team: \_\_\_\_\_

- Recommend individuals and/or organizations for the Design Team you are helping to plan for today.
- Teams will be nimble – 10-15 people – so people who fulfill more than one category are especially good recommendations.

*Pathways is committed to building diverse Design Teams that can provide insight into the needs of children and families of color. Please keep this front of mind while making your recommendations.*

There are three main groups of people we need on each Design Team:

- **Do'ers** – Who is already working in this area?
- **Knowledge Experts** – Who knows the most about this area?
- **Influencers** – Who has the authority to make change in this area?

**Within these groups, here is a range of member types to consider.**

<b>Member Type</b>	<b>Your Recommendations</b>
Early childhood policy experts and advocates outside state government	
Early childhood policy experts inside state government agencies	
Early childhood implementers at the state, county and/or community level	
Family representatives	

*Please turn over and complete the other side.*

Funders in the early childhood space	
Business leaders	
Others	

*Please turn over and complete the other side.*
