Law Enforcement Commitment to Young Children

We believe that when all young children are given the best opportunity to realize their potential and contribute as productive citizens, North Carolina prospers.

We support policies and programs that recognize that children need good health, strong families and high quality early learning experiences during their early years to be most successful.

Public and private investments in young children and their families are a vital crime reduction strategy. As law enforcement leaders, we believe that high quality early childhood investments make all North Carolina communities safer places to live, work and raise a family.
