

AGENDA

Children's Social-Emotional Health Data Workgroup—Meeting #2 of 4
October 21, 2019, 9:00am-3:00pm
Hill Learning Center, 3200 Pickett Rd, Durham, NC 27705, Large Training Room

Goals for Data Workgroup:

- Recommend a population-level measure or portfolio of measures for young children's (0-8) social-emotional health (SEH) in North Carolina
- Advocate for tools that limit racial bias and measure social-emotional strengths, not just deficiencies
- Propose next steps for the state in planning, communicating and implementing measures

Objectives for Meeting #2:

- Develop a shared framework for understanding structural racism and connect the equity frame explicitly to our work developing recommendations for children's SEH measures
- Build relationships and commitments for continued learning and work on racial equity
- Continue reviewing and discussing potential tools/measures
- Begin prioritizing measures using shared knowledge and characteristics for strong measures
- Identify additional needs and resources for Meeting #3

GROUP DISCUSSION QUESTIONS

- Based on the information provided and the expertise in your group, what are your initial thoughts on what measures you are most interested in recommending, which measures you would eliminate from consideration, and which measures you would like to learn more about?
- What does structural racism have to do with this?
- What other information do you need to make decisions and come to consensus by Meeting #3? List potential resources and experts. Identify people in the group to follow-up by next meeting.
